

No. of Functional Features Included in the Solution

Date	22 June 2026
Team ID	
Project Name	A Comprehensive Measure of Well-Being
Maximum Marks	5 Marks

Functional Features Overview:

This document lists all the functional features included in the project solution. Each feature is described with its purpose, implementation status, and contribution to the overall solution.

S.No	Feature Name	Feature Description	Module / Component	Status (Done / In Progress / Pending)	Marks Contribution
1	User Authentication	Allows users to register and log in securely.	Authentication Module	Done	High
2	HDI Score Prediction	Predicts the Human Development Index (HDI) score using the trained machine learning model	Prediction Module	Done	High
3	HDI Category Classification	Classifies the predicted HDI score into Very High, High, Medium, or Low Human Development.	Prediction Module	Done	High
4	Input Validation	Validates user input before processing the prediction.	Backend Logic	Done	Medium
5	Interactive Dashboard	Displays prediction results, charts, and key statistics in a user-friendly interface.	UI Module	Done	High
6	Prediction History	Stores and displays previous prediction records for users.	Database Module	Done	Medium
7	PDF Report Generation	Generates and downloads the HDI prediction report in PDF format.	Report Module	Done	Medium
8	Data Visualization	Displays graphs and charts for HDI indicators and prediction analysis.	Visualization Module	Done	High

Feature Summary:

Metric	Count / Value
Total Features Planned	8
Total Features Implemented	8
Core / Must-Have Features	5

Additional / Nice-to-Have Features	3
Features Tested & Verified	8

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	2	Dashboard, Prediction Form
2	Backend / Logic	3	HDI Prediction, Category Classification, Input Validation
3	Database / Storage	2	User Authentication, Prediction History
4	API / Integration	1	Flask Backend Integration with Machine Learning Model
5	Security / Authentication	1	User Login & Registration Authentication
